: FOR REMEDIAL EDUCATION

Division of Legal Services and Compliance Case No. 16 MED 283

The parties to this action for the purposes of Wis. Stat. § 227.53 are:

Wisconsin Medical Examining Board

The parties in this matter agree to the terms and conditions of the attached Stipulation as the final disposition of this matter, subject to the approval of the Medical Examining Board (Board). The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following Findings of Fact, Conclusions of Law and Order.

FINDINGS OF FACT

1. Licensee Janice Alexander, M.D. (DOB: June 24, 1949), is licensed in the State of Wisconsin to practice medicine and surgery, having license number 29958-20, first issued on January 18, 1989, with registration current through October 31, 2019. Licensee's most recent address on file with the Wisconsin Department of Safety and Professional Services (Department) is W62 N225 Washington Avenue, Cedarburg, Wisconsin 53012.

2. At all times relevant, Licensee was the supervising physician at Integrative Family Wellness Center in Brookfield, Wisconsin (Center).

3. On November 9, 2015, Patient A, a female born in 2006, was seen at the Center accompanied by her family. Patient A has a complex medical history including Pediatric Autoimmune Neuropsychiatric Disorders Associated with Streptococcal Infections (PANDAS). Patient A's treatment team included a psychiatrist, an ENT, an infectious disease specialist, an immunologist, and a PANDAS specialist. None of Patient A's treatment team were employed by or worked at the Center.

4. At the November 9, 2015, visit, Patient A was seen and examined by an unlicensed provider. Patient A was taking daily prophylactic Amoxicillin and Clavulanate which had been prescribed by a physician on her treatment team. Patient A reported that she was scheduled to undergo a tonsillectomy procedure in the next two weeks. The unlicensed provider recommended a prescription change to Azithromycin and Cefdinir in place of Amoxicillin and Clavulanate.

5. Licensee acted as the supervising physician for a physician assistant employed at the Center who called in the medication change to the pharmacy. During consult with the physician assistant, Licensee was not advised that Patient A had a treatment team or that the patient had PANDAS. Licensee authorized the medication change based on incomplete information, and the presumption that the physician assistant had conducted an examination of Patient A during the visit on November 9, 2015.

6. Upon chart review on November 10, 2015, Licensee discovered the nature and extent of Patient A's condition and that the physician assistant had not examined Patient A. At that time, Licensee ceased her association with the Center and no longer acts as a supervising physician for the physician assistant employed at the Center.

7. The medication change prescription was never filled by Patient A or her family.

8. In resolution of this matter, Licensee consents to the entry of the following Conclusions of Law and Order.
